

This crisis has given us all time to think about our careers. Are you interested in teaching?

Now more than ever we are seeking high quality graduates, (whether they are fresh out of university or career changers) who want to make a difference and change the lives of young people.

We are still recruiting and are keen to make this work for you. The Cheshire East SCITT provides a high quality, bespoke experience with a dedicated team who are here to support you through your journey.

Even in these unprecedented times, our trainees are being supported and provided with excellent professional development.

Send us an email and we will support you through the application process.
